.....

Sir,

COMMUNITY PROJECTS - South Kanara - Communications - Kavur Derebail Road - Estimate submitted - Sanction requested.

....

I submit herewith the combined estimate for Kavur Derebail Road, a distance of about 1 mile 5 furlongs. This is an important road opening the interior ~~path~~ parts in Mangalore Taluk connecting the main roads at Kavur and at Kulur. The work involves one major culvert and five minor culverts. The cost of the six culverts comes to 7,200/- rupees as per the estimate furnished. The cost of laying ~~up~~ out the road excluding the culverts comes to 7,500/- rupees. This 7,500/- estimate for laying the road is exclusive of the land gifted away for the formation of the road. The cost of the land gifted away is estimated to be at 500/- rupees.

The villagers are willing to construct the road provided, ~~and~~ an amount not exceeding rupees 1,000/- is ~~to be~~ given for the road work estimated to cost 7,500/- rupees. The culverts estimated to cost 7,200/- rupees will have to be put up by the community project. On the above understanding, the villagers are taking the formation of the road and the work is in progress. I request that the estimate for the road and the culverts may be sanctioned. The culverts to be constructed at the cost of the community project and the road to be laid by the villagers with contribution not exceeding 1,000/- rupees by the Community Project.

The work was approved by the Firka committee and ~~the~~

P.T.O.

Project Advisory Committee and considered to be useful and may be taken up in 1952-53. The estimate may be sanctioned Estimate in duplicate with all connected plans are enclosed.

PROJECT EXECUTIVE OFFICER. 5-1-53

Memo No. 585 Pub (CP II) /53-1 Dated 13/2/53

Sub:- Community Projects. South Kanara Dist - Communications. Karur Devadiga Road Estimate for formation of the road.

Ref:- From the P.E.O, Mangalore, Ref C.No. 62/53 dt 4.1.53.

—x—

The attention of the P.E.O, Mangalore is invited to the instructions in G.O.Ms.No. 2965 Confdl Pub(CP II)/52-1 dt 23.12.52 and he is informed that the expenditure for the construction of ~~minor~~ Culverts alone is permissible from C.P. funds and that the entire expenditure on the Katcha Road should be borne by the beneficiaries in full ~~by popular contributions. The estimate and plans~~ received with the letter cited are therefore returned. ~~herewith for reference and return.~~ The P.E.O is requested to say whether he can get the entire work of the road portion executed by the people themselves without any contribution from the C.P. funds.

P.T.O

2. As regards the major culverts, the P.E.O is requested to consider the desirability of ~~using~~ substituting kurbstone Slabs in place of R.C ~~slabs as proposed~~ and constructing the culvert with 3 spans of 5' each. If this is pointed out ~~that the advantages in using cut stones~~ alteration that it will require less skilled ~~—~~ workmanship and supervision. He is therefore requested to send ~~another~~ an estimate for constructing the major culvert as suggested above.

3. The estimate for minor culverts will be sanctioned 17/7/53 17/7/53 & returned to him on receipt of his reply to paragraph 2 above. All the estimates received are returned for reference and return intact with his reply.

.....

Sir,

COMMUNITY PROJECTS - South Kanara District - Communications Kavur - Derebail Road - Estimate for formation of the road - Resubmitted.

..

Ref: Govt.Memo.No. 585 Pub.(C.P.II)/53-1 dated 13-2-1953.

.....

The cost of the earth work in this case is Rs. 7,500/- and that of the culverts as revised comes to Rs. 6,700/- The villagers were prepared to take up the formation of the road, only on the condition that a sum not exceeding Rs. 1,000/- was met from the Community Project funds towards the earth work. Proposals were therefore submitted for sanctioning the estimate as stated in this office Ref.C.No.62/53-B dated 4-1-53. The villagers may be persuaded to confine the demand to Rs. 500/- The estimate may be sanctioned for Rs. 6,700/- + 500 = 7,200/- Including the cost of land surrendered, the people's share comes to Rs. 7,000 + 500 = 7,500/- if Rs. 500/- as proposed is given to them for road formation as against the proposed sanction for Rs. 7,200/- for culverts including Rs. 500/- for road work. In this connection, kind attention is invited to the fact that G.O.No. 2965 (confidential) Pub.(C.P.II)/52-1 dated 23-12-52 does not lay down any hard and fast rule regarding the quantum of contribution. It only states that the working principle laid down by the Community Projects Administration regarding contributions should be followed as far as possible.

2. The estimate for the major culvert has been revised with reference to the instructions contained in para 2 of the Government Memorandum cited.

3. All the estimates are enclosed for favour of early sanction and return.

PROJECT EXECUTIVE OFFICER. 24/2

To A & So

Sub- Community projects - South Kanara district - Communications - Karur Devi bail road - Estimate for formation of the road.

Ref:- From the P.E.O. Mangalore Rf. C No. 62/53 d. 4-1-53

The P.E.O. Mangalore has submitted an estimate for Rs 15,400/- made up of

1.	Road portion of the work.	Rs 7500
2.	Minor culverts Rs 2200 + Rs 2000	Rs 4,200
3.	Major culvert	Rs 3,000
4.	Contingencies & P.S. charges	Rs 700
		Rs 15,400/-

1. Road work - The estimate for Rs 7500, is exclusive of cost of land, which will be gifted away by the people. The P.E.O proposes that the an expenditure of Rs 1000 for the road work may be met by the Community Projects Deptt. This road comes under the Category of a Katcha road and no expenditure can be met on this account, even though the length of the road is 1 mile and 5 furlongs. The P.E.O will be told that the full cost of Rs 7,500/- may be borne by popular Contribution - ~~for orders~~. 9/4/53

2. Minor culverts - ~~These are~~ Expenditure on this is permissible and can be carried out by the P.E.O, as it is only a small work. 5/4/53

3. Major culvert - The work involves reinforced Concrete work, as now designed. The P.E.O will be asked to furnish a design using cutstone slabs in place of R.C. with 3 spans of 5' for the culvert. If this latter is found to be cheaper than Rs 3000/- as ~~cheaper~~ for other culverts was estimated, the same design may be accepted. Its advantages are that it requires less skilled workmanship and Supervision and may be carried out by this department, instead of being entrusted to the Highways department. 9/4/53

4. Contingencies & P.S. charges - This will be allocated between items 2 & 3 at 5% of the cost of these works.

It is submitted for orders whether the estimate may be returned to the P.E.O for 1) taking the Consent of the villagers to meet the cost of road portion of the work in full and 2) recasting the estimate item 3. If not the P.E.O estimates that the alternati

item 3. is costlier the P.E.O may be asked to send proposals for the major culvert, as a separate estimate based on the original design, so that it may be sent to the Divisional Engineer (Highways) South Kanara, for technical Scrutiny.

The P.E.O may also be asked to make ~~some minor~~ the necessary alterations to the plans & estimate, if ~~on suggesting with the above note are approved of this note.~~ approved.

28.1.53

30/1/53

No cost can be incurred for a Kutcha Road. There is no objection to pay for culverts. Return the estimate to P.E.O. with a detailed memo

2/2/53

D.C.P.

A draft memo is submd for approval.

Rs 4/2/53

7/2/53

13/2/53

[Issued as memo No. 585 Pub (C.P.II)/53-1. dated 13-2-53]

From the P.E.O Mangalore Ref. C No. 62/53-B dt 24-2-53. P.S.C.E.

Please see the letter from the P.E.O. Mangalore Ry. C No. 62/53-B. d. 24-2-53 P.S., C.E.

The P.E.O has now revised the original estimates for the work, providing cutstone covering slabs for the major culvert and consequently the cost is reduced by Rs 1200, as anticipated. The P.E.O reports that the villagers are prepared to form the road provided the Govt. Spends at least Rs 500 for the road work and the full cost of the culverts. The cost of the various items of works is tabulated below, after making Sundry Corrections in dimensions, ~~and~~ provisions and rates.

	Cost of culverts-	Cost of road.
3 dr. pipe culverts	Rs 2100	
2 dr pipe culverts	" 1800	
3 Span culvert	" 1800	Rs 7000
	Rs 5700	Rs 7000
Contingencies and Petty supervision charges	Rs 300	" 300
	Rs. 6000	Rs 7300 Total Rs 13,300

of beneficiaries will lay the road in full, with ~~extra~~ expenditure to be met from CP Funds 500 only, and the culverts will be constructed by the State

Thus the Contribution by the people is Rs 6800 and the Sanction required is for Rs 6500/-

Even though the road is Kaccha, since the villagers are prepared to Contribute Rs 6800 out of Rs 7300 for the road work, Sanction may be accorded for Rs 500 for the road work and Rs 6000 for the cost of culverts in full.

Subject to orders, the draft order Sanctioning the expenditure is put up for approval

The estimate has been Scrutinized and may please be signed at the endorsement of Sanction

AE. 4.3.53 Dy 5/3/53

no C.P. Accts 6/3/53

The road is 1 mile 5 furlongs of we are expected to contribute Rs 5000/- only. The culverts cost Rs 6000/- including proportionate charges for petty supervision etc. The estimate may be approved
